### **Guidance on the Rating Scale**

**Performance Expectations** -these scales measure the behaviours and abilities that all co-op students are expected to progressively attain and refine as they advance through their years of study

# Developing Performance (1-2) Students performing within this range require further development and support to meet the performance expectations with respect to output, quality standards, delivery of goals and/or assignments.

### Good Performance (3-5)

Students performing within this range are meeting and, in some instances, exceeding the performance expectations in respect to output, quality standards, and delivery of goals and/or assignments.

### **Superior Performance (6-7)**

Students performing within this range are consistently exceeding the performance expectations and they should be demonstrating the ability to take on broader responsibilities that would normally be reserved for a staff member working in a regular/permanent role (non-coop).
